TOTAL HOURS FOR DEGREE **120**

Other requirements to be satisfied (see Core Curriculum and Degree Information sections of catalog 134)

Residency requirement
36 hours of 300- and/or 400-level course work successfully completed in residence at TAMU _____

Foreign language requirement
Two units of the same foreign language in high school *or* **one year** in college or demonstrate proficiency by examination _____

International and cultural diversity requirement
6 hrs., chosen from a list of approved courses, many of which also satisfy other core curriculum requirements _____

Writing intensive course requirement
at least **two** courses in the major; must be 900 section _____

NOTES

See website, Academic Advisor, or Faculty Advisor for questions or help selecting elective choices below.

1. Choose one introductory College of Geosciences course in the first semester and an additional one in the second semester of the freshman year. Choose from ATMO 201 Atmospheric Science (3-0) and ATMO 202 Atmospheric Science Lab (0-2), GEOG 203 Planet Earth (3-2), GEOL 101 Principles of Geology (3-2), or OCNG 251 Oceanography (3-0) and OCNG 252 Oceanography Lab (0-2).
2. Freshmen entering the program take a First Year Seminar (UGST 181). The choice is not restricted. Students transferring into the program, or who have not taken UGST 181, are required to take GEOS 481 Geosciences Seminar in their junior or senior year.
3. Choose 18 hours of courses from one of the following themes in your junior and senior years: Climate Change, Coastal and Marine Environments, Human Impact on the Environment, and Water. Table 3 shows each of the theme core courses to take and a list of the remaining electives to choose from.
4. Choose 12 hours of technical electives from Table 2, or courses offered in other colleges (see website for definition of a technical electives).
5. Choose 6 hours of environmental policy electives from Table 1.
6. Other Communications elective to be selected from the University Core Curriculum.
7. Visual and Performing Arts elective to be selected from the University Core Curriculum. It is recommended to take a course also on the International and Cultural Diversity list for this requirement.
8. Humanities elective to be selected from the University Core Curriculum. It is recommended to take a course also on the International and Cultural Diversity list for this requirement.
